

Fourth BHMS (2015) Examination, Summer
(Phase - III All Other Remaining UG/PG Course) - 2020
PRACTICE OF MEDICINE - I

Total Duration : 3 Hours

Total Marks : 100

- Instructions :**
- 1) Use **blue/black** ball point pen only.
 - 2) **Do not** write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an attempt to resort to unfair means.
 - 3) **All questions are compulsory.**
 - 4) The number to the **right** indicates **full marks**.
 - 5) Draw diagrams **wherever necessary**.
 - 6) *Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question paper pattern is a mere guideline. Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.*

1. Write short answer (any ten out of fifteen) : [10 × 2 = 20]

- a) Indications of Ipecac in vomiting.
- b) Define Miliary Tuberculosis.
- c) Two Indication of Nat Sulph. for Asthma.
- d) Write Risk Factors for electrolyte Disorders.
- e) Write two complications of Hepatitis B.
- f) Write Four Causes for Cough.
- g) Define Hyperkalaemia.
- h) Type of Liver Cirrhosis.
- i) Four causes of Dyspepsia.

- j) Two indications of Podophyllum in Inflammatory Bowel Disease.
 - k) Define frost bite.
 - l) Two indications of Nat mur for Hyponatremia.
 - m) Write four causes for Hypocalcaemia.
 - n) Four indications of Arsenic alb for Irritable Bowel Syndrome.
 - o) Write indications of Chelidonium for Hyperbilirubinemia.
2. Write short answer (any four out of six) : [4 × 5 = 20]
- a) Write Differential Diagnosis and investigations for abdominal pain.
 - b) Write short note on Bronchiectasis.
 - c) Write on complications of Liver Cirrhosis.
 - d) Write about Nosocomial Pneumonia.
 - e) Write Definition, Predisposing factors and Etiology of Asthma.
 - f) Write short note on Disorders due to Environmental factors.
3. Write short answer (any four out of six) : [4 × 5 = 20]
- a) Indications of Bryonia in Chronic bronchitis.
 - b) Indications of Apis Mel. for Ascites.
 - c) Indications of Hepar Sulph. in Pneumothorax.
 - d) Write indications of Drosera for Acute Bronchitis.
 - e) Write indications of Belladonna in Heat stroke.
 - f) Write indications Nux Vomica for Alcoholic Liver Disease.

4. Long answer question (any two out of four) :

[2 × 10 = 20]

- a) Write clinical feature, investigations and treatment for Tuberculosis and indication of Stannum met for it.
- b) Write causes, clinical feature and general management for Gastroesophageal Reflux Disease (GERD). Write indication of Pulsatilla for it.
- c) Write clinical manifestations and differential diagnosis and treatment for HIV. Write indication of one homoeopathic remedy.
- d) Write the types, clinical symptoms and general management for Cholecystitis. Write indication of Cardus Mur for it.

Long answer question (any one from Q.No. 5, 6 and 7) :

- 5. Write causes, types, clinical feature and complication of COPD with miasmatic understanding and Auxillary and ancillary mode of treatment. [1 × 20 = 20]
- 6. Define Peptic Ulcer with its causes, types, clinical feature and and complication. Write Acute and Chronic Homoeopathic prescription for peptic ulcer and Miasmatic understanding. [1 × 20 = 20]
- 7. Give in detail about Pancreatitis. What is the scope and limitation of Homoeopathy in Pancreatitis? Write Homeoathic medicines for Chronic Pancreatitis. [1 × 20 = 20]

Fourth BHMS (2015) Examination, Summer
(Phase - III All Other Remaining UG/PG Courses) - 2020
PRACTICE OF MEDICINE - II

Total Duration : 3 Hours

Total Marks : 100

- Instructions :**
- 1) Use **blue/black** ball point pen only.
 - 2) **Do not** write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an attempt to resort to unfair means.
 - 3) **All questions are compulsory.**
 - 4) The number to the **right** indicates **full marks**.
 - 5) Draw diagrams **wherever** necessary.
 - 6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question paper pattern is a mere guideline. Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.

1. Write short answer (any ten out of fifteen) : [10 × 2 = 20]
- a) Define Pellagra.
 - b) Two indications of Benzoic acid in Gout.
 - c) Define Megaloblastic Anemia.
 - d) Two indications of Syzygium in diabetes.
 - e) Define Diabetes insipidus.
 - f) Two causes of Oliguria.
 - g) Define Cardiomyopathy.
 - h) Two indications of Cuprum metallicum in Seizures.
 - i) Two indications of Gelsemium in neurological conditions.

- j) Four Causes of chest pain.
- k) Four Causes of back pain.
- l) Two indications of Bellis per in Spondylitis.
- m) Causative organism of Herpes zoster.
- n) Causative organism and incubation period of AIDS.
- o) Two indications of Rhus tox in dermatitis.

2. Write short answer (any four out of six) :

[4 × 5 = 20]

- a) Parkinsons disease.
- b) Heart failure.
- c) Systemic Lupus Erythematosus.
- d) Psoriasis.
- e) Mental status examination.
- f) National Immunisation Programme.

3. Write short answer (any four out of six) :

[4 × 5 = 20]

- a) Indications of Iodum in Hyperthyroidism.
- b) Indications of Apis Mel. in Renal failure.
- c) Indications of Mezerium in Chickenpox.
- d) Indications of Graphitis in Eczema.
- e) Indications of Aconite Nap. in Anxiety.
- f) Indications of Aurum Metallicum in Depression.

4. Long answer question (any two out of four) :

- a) Write in detail about Urinary Tract Infection and its Homoeopathic management.
- b) Write in detail about Anaemia types and homoeopathic management of same.
- c) Write in detail about Snake bite and Homoeopathic management of the same.
- d) Write in detail about Gonorrhea and Homoeopathic management of the same.

Long answer question (any one from Q.No. 5, 6 and 7) :

- 5. Write in detail about Epilepsy and write its acute and chronic prescribing with auxillary and ancillary mode of treatment. [1 × 20 = 20]
- 6. Write in detail about Myocardial Infarction and discuss its homoeopathic scope and limitations and miasmatic understanding. [1 × 20 = 20]
- 7. Write in detail about Obesity with scope and limitations of homoeopathy and acute and chronic prescribing. [1 × 20 = 20]

Fourth B.H.M.S. (2015) Examination, Summer
(Phase - III All Other Remaining UG/PG Courses) - 2020
HOMOEOPATHIC MATERIA MEDICA - I

Total Duration : 3 Hours

Total Marks : 100

- Instructions :**
- 1) Use **blue/black** ball point pen only.
 - 2) **Do not** write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an attempt to resort to unfair means.
 - 3) **All questions are compulsory.**
 - 4) The number to the **right** indicates **full marks**.
 - 5) Draw diagrams **wherever** necessary.
 - 6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question paper pattern is a mere guideline. Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.

1. Write short answer (any ten out of fifteen) :

[10 × 2 = 20]

- a) Write the symptoms of vomiting of Aethusa Cynapeum.
- b) Write the modalities of Drossera.
- c) Write two Biochemic indications of Calcarea phosphorica.
- d) Write two keynote symptoms of Aconitum Napellus.
- e) Write the characteristic symptoms of Haemorrhoids of Aloe.
- f) Write two keynote symptoms of Kali sulphuricum.
- g) Write two characteristic modalities of Ledum palustre.
- h) Write the common name and family of Hyoscyamus Niger.
- i) Write the characteristics of Urine of Benzoic Acid.

- j) Write two Guiding Indications of Sulphuric Acid.
- k) Write two keynotes of Caladium seguinum.
- l) Write two keynotes symptoms of Agnus castus.
- m) Write the common name and family of Croton tig.
- n) Write the two keynotes modalities of Kali Carb.
- o) Write the Characteristics of Pain of opium.

2. Write short answer (any four out of six) :

[4 × 5 = 20]

- a) Describe the Mind symptoms of Chamomilla.
- b) Describe the different types of Homoeopathic Materia Medica.
- c) Describe the Modalities of Bryonia.
- d) Describe the Biochemic indications of Calcarea fluorica.
- e) Describe the indications of Antim. Tart in Respiratory tract affections.
- f) Describe indications of Ruta in Rheumatic Affections.

3. Write short answer (any four out of six) :

[4 × 5 = 20]

- a) Describe the skin symptoms of Kali Brom.
- b) Describe the guiding indications of Alumina.
- c) Describe indications of Baryta carb in Tonsillitis.
- d) Describe the Modalities of Natrum Carb.
- e) Describe the Physical generals of Sepia.
- f) Describe the Gastrointestinal complaints of Veratrum Album.

4. Long answer question (any two out of four) : [2 × 10 = 20]
- a) Compare and contrast Acetic acid and Apocyanum cannabinum in Dropsy.
 - b) Compare and Contrast indications of Pulsatilla and Cyclamen in female complaints.
 - c) Compare and contrast indications of Hepar Sulph and Stramonium in fever.
 - d) Compare and contrast Silicea and Petroleum in skin complaints.

Long answer question (any one from Q.No. 5, 6 and 7) :

5. Define Homoeopathic Materia Medica and describe various sources of it. [1 × 20 = 20]
6. Describe in detail the drug picture of Calcarea Carb. [1 × 20 = 20]
7. Describe the group characteristic of Ophidia and discuss in detail the drug picture of Lachesis. [1 × 20 = 20]

**Fourth B.H.M.S. (2015) Examination, Summer
(Phase - III All Other Remaining UG/PG Courses) - 2020
HOMOEOPATHIC MATERIA MEDICA - II**

Total Duration : 3 Hours

Total Marks : 100

- Instructions :**
- 1) Use **blue/black** ball point pen only.
 - 2) **Do not** write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an attempt to resort to unfair means.
 - 3) **All questions are compulsory.**
 - 4) The number to the **right** indicates **full** marks.
 - 5) Draw diagrams **wherever** necessary.

Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.

1. Write short answer (any ten out of fifteen) : [10 × 2 = 20]

- a) Write any four Sources of HMM.
- b) Write Common Name of Ficus Religiosa.
- c) Write Nashs trios of "pain" remedies.
- d) Write Sphere of action of Carica Papaya.
- e) Ailements from in Vinca Minor.
- f) Mention name of two remedies having convulsions with conciousness.
- g) Write Nash Trios of Burning remedies.
- h) Write Characteristics of Tongue of Sanicula.
- i) Define Nosodes. Give two examples.

- j) Ailements from of Zincum metallicum.
- k) Write modalities of Lyssinum.
- l) Mention name of two remedies having "Strawberry tongue".
- m) Write Two keynote symptoms of Abrotanum.
- n) Write source of remedy "Lac Can".
- o) Who invented Biochemic system of medicine?

2. Write short answer (any four out of six) :

[4 × 5 = 20]

- a) Write GIT complaints of Abies Nigra.
- b) Headache of Glonine.
- c) Respiratory complaints of Acalypha Indica.
- d) Urinary complaints of Clematis Erecta.
- e) Female complaints of Crocus Sativa.
- f) Purperial sepsis - Pyrogenim.

3. Write short answer (any four out of six) :

[4 × 5 = 20]

- a) Physical General Symtoms of Condurango.
- b) Respiratory complaints of Sticta Pulmonalia.
- c) Cratageus - Heart Complaints.
- d) Janosia Asoka - Female Complaints.
- e) Utrica urens - Skin Complaints.
- f) Ustilago Maydis - Haemorrhages.

4. Long answer question (**any two** out of four) : [2 × 10 = 20]
- a) Compare Female disorder of Helonias Dioica and Lilium Tig.
 - b) Compare and Contrast Mephites and Lobelia - Respiratory Complaints.
 - c) Compare and Contrast Mezerium and Hydrocotyle - Skin.
 - d) Compare and Contrast Ratanhia and Collinsonia - Rectal Complaints.

Long answer question (any one from Q.No. 5, 6 and 7) :

5. Define HMM. Describe in detail scope and limitations of HMM. [1 × 20 = 20]
6. Describe in detail group indication of Baryta group. Add a note on Baryta Mur-Heart Complaints. [1 × 20 = 20]
7. Describe drug picture of Carcinosinum. [1 × 20 = 20]

Fourth B.H.M.S. (2015) Examination, Summer
(Phase - III All Other Remaining UG/PG Courses) - 2020
ORGANON OF MEDICINE & HOMOEOPATHIC PHILOSOPHY - I

Total Duration : 3 Hours

Total Marks : 100

- Instructions :**
- 1) Use **blue/black** ball point pen only.
 - 2) **Do not** write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an attempt to resort to unfair means.
 - 3) **All questions are compulsory.**
 - 4) The number to the **right** indicates **full** marks.

 - 6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question paper pattern is a mere guideline. Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.

1. Write short answer (any ten out of fifteen) : [10 × 2 = 20]

- a) State §1.
- b) State the founder & principle of Isopathy.
- c) Mention four properties of Ideal Cure.
- d) State the types of acute miasms.
- e) Define exciting cause and give an example of the same.
- f) Define primary & secondary action.
- g) What do you understand by dynamis?
- h) What is prima causa morbi?
- i) What are surrogates?

- j) Define medicine.
- k) State the classification of acute diseases.
- l) What do you understand by Genus epidemicus?
- m) Define alternating disease.
- n) What is theoretic medicine?
- o) Define homoeopathic aggravation.

2. Write short answer (any four out of six) :

[4 × 5 = 20]

- a) Totality of Symptoms.
- b) Inappropriately named chronic diseases.
- c) Indisposition.
- d) Unprejudiced Observer.
- e) Suspended Animation.
- f) Knowledge of disease.

3. Write short answer (any four out of six) :

[4 × 5 = 20]

- a) Explain Homoeopathic view of Specific remedy.
- b) Mesmerism.
- c) Explain indication of imperfect remedy.
- d) Homoeopathic aggravation.
- e) Massage.
- f) What advise given by Dr. Hahnemann about external application?

4. Long answer question (any two out of four) :

[2 × 10 = 20]

- a) Explain third point of business of Homoeopathic Physician.
- b) Mental Diseases.
- c) Alternating Diseases.
- d) One-sided Diseases.

Long answer question (any one from Q.No. 5, 6 and 7) :

5. Define intermittent diseases. Add a note on its types & management.

[1 × 20 = 20]

6. Define drug proving and describe in details the do's and dont's of drug proving as mentioned by Dr. Hahnemann.

[1 × 20 = 20]

7. Describe in details about vital force in health, cure & recovery and add a note on its properties.

[1 × 20 = 20]

Fourth B.H.M.S. (2015) Examination, Summer
(Phase - III All Other Remaining UG/PG Courses) - 2020
ORGANON OF MEDICINE & HOMOEOPATHIC PHILOSOPHY - II

Total Duration : 3 Hours

Total Marks : 100

- Instructions :**
- 1) Use **blue/black** ball point pen only.
 - 2) **Do not** write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an attempt to resort to unfair means.
 - 3) **All questions are compulsory.**

Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.

1. Write short answer (**any ten** out of fifteen) : [10 × 2 = 20]

- a) Pathognomic symptoms.
- b) Predisposition.
- c) Define lymphatic temperament.
- d) Law of Antipathy.
- e) Define artificial chronic diseases.
- f) Enumerate 5 consideration influencing choice of remedy.
- g) Define Indisposition.
- h) 4 manifestations of latent psora.
- i) 2 modalities of sycotic miasms.

- j) 5 symptoms of syphilis.
- k) What is therapeutic Nihilism?
- l) Define chemical antidote.
- m) Define life, health and disease.
- n) Hering's law of direction of cure.
- o) Define Deductive logic.

2. Write short answer (**any four** out of six) :

[4 × 5 = 20]

- a) Discuss the principle of chronic diseases according to Hahnemann.
- b) Criteria for selection of Potency according to Hahnemann.
- c) Scrofula and its miasmatic basis according to J.H Allen.
- d) Comment - Homoeopathy - A Science, according to S. Close.
- e) Similia similibus curentur. Discuss according to R. Hughes.
- f) What has homeopathy to offer the young man, according to H.A. Robert?

3. Write short answer (**any four** out of six) :

[4 × 5 = 20]

- a) Comment : Similarity between disease and drug action should be generic, specific and individual according to R. Hughes.
- b) Explain Sycois over construction according to H.A. Robert.
- c) Comment Psora or deficiency according to H.A. Robert.
- d) Comment according to H.A. Robert : Modern medication and homoeopathic principle.
- e) Explain the doctrine of latency according to S.Close.
- f) 3 chronic misams have contagion in the form in which they exist at the time. Discuss according to kent.

4. Long answer question (any two out of four) : [2 × 10 = 20]
- a) What is theory of chronic diseases according to Dr. Hahnemann?
 - b) Comment : Miasm and their relation to abnormal growth according to J.H. Allen.
 - c) Explain Unity of medicine according to Stuart Close.
 - d) Explain different types of temperament according to H. Robert.

Long answer question (any one from Q.No. 5, 6 and 7) :

5. Explain The dose in drug proving, according to Carroll Dunham. [1 × 20 = 20]
6. Explain Idiosyncrasy according to J.H. Allen. [1 × 20 = 20]
7. Treatment of constitutional afflictions arising due to glandular dysfunction with constitutional Homoeopathic remedy. Explain by citing examples of various syndromes according to H.A. Robert. [1 × 20 = 20]

**Fourth B.H.M.S. (2015) Examination, Summer
(Phase - III All Other Remaining UG/PG Courses) - 2020
REPERTORY**

Total Duration : 3 Hours

Total Marks : 100

- Instructions :**
- 1) Use **blue/black** ball point pen only.
 - 2) **Do not** write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an attempt to resort to unfair means.
 - 3) **All questions are compulsory.**
 - 4) The number to the **right** indicates **full marks**.
 - 5) Draw diagrams **wherever necessary**.
 - 6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question paper pattern is a mere guideline. Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.

1. Write short answer (**any ten** out of fifteen) : [10 × 2 = 20]
- a) What is word reportory means?
 - b) What is Keynote symptom?
 - c) What is mean by Clinical repertory?
 - d) Give four examples of mechanically aided repertory.
 - e) What is general symptom?
 - f) Define deductive logic with one example of repertory.
 - g) What is mean by cross reference?
 - h) Define hunting of rubric.
 - i) Define concordance repertory.

- j) What is repertorial syndrom?
- k) Define eliminating symptom.
- l) What is alphabetical repertory? Give two examples.
- m) Define Rubric and Sub Rubric.
- n) Give four examples of card repertory.
- o) Write any two objectives of case taking.

2. Write short answer (any four out of six) :

[4 × 5 = 20]

- a) Compare Rubrics Buffoonery and Stupidity.
- b) Boger's Synoptic key.
- c) Intermittent fever.
- d) Compare and contrast rubrics - Complaining vs. Lamenting.
- e) Bell's Diarrhoea.
- f) Compare and contrast rubrics-Busy vs Industrious.

3. Write short answer (any four out of six) :

[4 × 5 = 20]

- a) Describe theory of grand generalization.
- b) Explain casetaking in Unconscious patient.
- c) Describe Knerr's Concordance repertory.
- d) Explain in detail the plan and construction of synthesis repertory.
- e) What are the difficulties in taking chronic case?
- f) Explain in detail RADAR.

4. Long answer question (any two out of four) : [2 × 10 = 20]
- a) Describe in detail the relation of Repertory with HMM and Organon of Medicine.
 - b) Write down the Methods and Techniques of Repertorization.
 - c) Describe the history and evolution of repertory.
 - d) Write down the classification of repertories in detail with two examples of each.

Long answer question (any one from Q.No. 5, 6 and 7) :

5. Describe history, Philosophy, Sources Plan and construction and scope of BBCR in detail. [1 × 20 = 20]
6. Describe TPB in respect of its History, Philosophy, Sources, Plan and Construction with scope in detail. [1 × 20 = 20]
7. Describe Kent's repertory with its History, Philosophical background, Sources Plan and Construction with its scope and limitation in detail. [1 × 20 = 20]

Fourth B.H.M.S. (2015) Examination, Summer
(Phase - III All Other Remaining UG/PG Courses) - 2020
COMMUNITY MEDICINE

Total Duration : 3 Hours

Total Marks : 100

- Instructions :**
- 1) Use **blue/black** ball point pen only.
 - 2) **Do not** write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an attempt to resort to unfair means.
 - 3) **All questions are compulsory.**
 - 4) The number to the **right** indicates **full marks**.

As it is only for the placement sake, the distribution has been done.

1. Write short answer (any ten out of fifteen) : [10 × 2 = 20]

- a) Define Health by WHO.
- b) Explain Difference between Food additives and Food fortification.
- c) Rates and Ratios.
- d) Causative organism and Mode of transmission of Measles.
- e) Classification of Hypertension.
- f) Define Demography.
- g) Sources of Proteins.
- h) Essential Fattyacids.
- i) Mosquito borne diseases.

- j) What is GOBI?
- k) Write 3 signals of poor mental health.
- l) Define Communication.
- m) Functions of FAO (Food and Agricultural Organization).
- n) Epidemic, Endemic and Sporadic Diseases.
- o) Diseases Transmitted by rodents.

2. Write short answer (any four out of six) :

[4 × 5 = 20]

- a) Agent Factors.
- b) Clinical features of Rheumatic Heart Disease.
- c) Hazards of Obesity.
- d) Sources of Water Supply.
- e) Overcrowding.
- f) Bore Hole Latrine.

3. Write short answer (any four out of six) :

[4 × 5 = 20]

- a) Aims and uses of Epidemiology.
- b) Clinical features of Diphtheria.
- c) BCG Vaccine.
- d) Mode of transmission of Hepatitis B.
- e) Adulteration of Food.
- f) Work of World Health Organization.

4. Long answer question (any two out of four) : [2 × 10 = 20]
- a) Define Coronary Heart Diseases, write Risk factors and Prevention.
 - b) What are Occupational Diseases? Write occupational Hazards of Agriculture Workers.
 - c) What are Contraceptive Methods? Write in detail about Barrier Methods.
 - d) Write Role of Homoeopathic Medicine as Preventive Medicine.

Long answer question (any one from Q.No. 5, 6 and 7) :

5. Write Dynamics of Disease Under following headings : [1 × 20 = 20]
- a) Source and Reservoir.
 - b) Mode of Transmission.
 - c) Incubation period and its importance.
 - d) Host factors.
6. Write Dengue Syndrome under : [1 × 20 = 20]
- a) Classical Dengue Fever.
 - b) Dengue hemorrhagic Fever.
 - c) Clinical and laboratory diagnosis.
 - d) Prevention and control.
7. Write Infant Mortality Rate Under : [1 × 20 = 20]
- a) Definition.
 - b) Causes.
 - c) Under Five Clinic.
 - d) Prevention and control of the same.

Fourth B.H.M.S. (New) Examination, Summer (Phase-II) 2019
PRACTICE OF MEDICINE - I

Total Duration : 3 Hours

Total Marks : 100

- Instructions :**
- 1) Use **blue/black** ball point pen only.
 - 2) **Do not** write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an attempt to resort to unfair means.
 - 3) **All questions are compulsory.**
 - 4) The number to the **right** indicates **full marks**.
 - 5) Draw diagrams **wherever** necessary.
 - 6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question paper pattern is a mere guideline. Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.

1. Write short answer (**any ten** out of fifteen):

[10 × 2 = 20]

- a) Write 4 causes of empyema.
- b) Write four causes of Haemoptysis.
- c) Write four risk factors of development of COPD.
- d) 4 clinical features of Typhoid.
- e) Write four complications of Mumps.
- f) Write four Clinical features of gastro esophageal reflux disease.
- g) Write four causes of Chronic Gastritis.
- h) Write types of Hiatus hernia.
- i) Clinical features of Pellagra.
- j) Define wilson's disease.
- k) Mention four causes of Thyroid enlargement.
- l) Define Hashimoto's thyroiditis.
- m) Mention four hormones secreted by Hypothalamus.
- n) Mention four Clinical features of addison's disease.
- o) Mention causes of secondary immune deficiency.

2. Write short answer (**any four** out of six).

- a) Pulmonary Eosinophilia.
- b) Beriberi.
- c) Cushing's Syndrome.
- d) Dyspepsia.
- e) Amyloidosis.
- f) Diphtheria.

3. Write short answer (**any four** out of six):

[4 × 5 = 20]

- a) Allergic Rhinitis.
- b) Vitamin A
- c) Grave's disease.
- d) Constipation.
- e) Heat stroke.
- f) Anaphylaxis.

4. Long answer question (**any two** out of four):

[2 × 10 = 20]

- a) Write in detail Obesity.
- b) Write in detail causes of Various enlarged lymph nodes.
- c) Write in detail about Rabies.
- d) Write in details about Pneumothorax.

Long answer question (any one from Q. No. 5, 6 and 7):

5. Write in detail about causes, clinical features, investigation, complications of Chronic Pancreatitis.

[1 × 20 = 20]

6. Write in detail about causes, clinical features, investigation, complications of Diabetes Mellitus.

[1 × 20 = 20]

7. Write in detail about causes, clinical features, investigation, complication, preventive measures of Dengue.

[1 × 20 = 20]

Fourth B.H.M.S. (New) Examination, Summer (Phase - II) 2019
PRACTICE OF MEDICINE - II

Total Duration : 3 Hours

Total Marks : 100

- Instructions :**
- 1) Use **blue/black** ball point pen only.
 - 2) **Do not** write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an attempt to resort to unfair means.
 - 3) **All questions are compulsory.**
 - 4) The number to the **right** indicates **full marks**.
 - 5) Draw diagrams **wherever necessary**.
 - 6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question paper pattern is a mere guideline. Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.

1. Write short answer (**any ten** out of fifteen):

[10 × 2 = 20]

- a) Define Cyanosis and three types of it.
- b) Mention four causes of Fever with delirium.
- c) Mention four Cardiac causes of Chest pain.
- d) Define Water hammer pulse and 2 causes of it.
- e) Mention four risk factors of Atherosclerosis.
- f) Define Migraine and mention types of it.
- g) Define Hemiplegia and two causes of it.
- h) Define Haematuria and mention four causes of it.
- i) Mention four causes of Polyuria.
- j) Define Feter hepaticus and mention two causes of it.
- k) Define Ascites and mention two causes of it.
- l) Mention four causes of Infantile convulsions.
- m) Define Dementia and mention four causes of it.
- n) Define Pruritus and mention four causes of it other than skin disorders.
- o) Mention causative virus of Herpes Zoster and two clinical features of it.

2. Write short answer (any four out of six).

[4 × 5 = 20]

- a) Renal calculi.
- b) Causes of Hepatomegaly.
- c) Infantile Diarrhoea.
- d) Describe Scabies.
- e) Psoriatic Arthritis.
- f) Mitral Stenosis.

3. Write short answer (any four out of six):

[4 × 5 = 20]

- a) Meningitis.
- b) Nephrotic syndrome.
- c) Lichen planus.
- d) Anorexia nervosa.
- e) Portal Hypertension.
- f) Leucocytosis.

4. Long answer question (any two out of four):

[2 × 10 = 20]

- a) Describe Atopic eczema in detail.
- b) Describe in detail about acute renal failure.
- c) Describe Schizophrenia in detail.
- d) Describe Angina pectoris in detail.

Long answer question (any one from Q. No. 5, 6 and 7):

5. Describe aetiology, clinical features, types, investigation and management of Epilepsy in detail.

[1 × 20 = 20]

6. Describe in detail about aetiology clinical features investigation and management of Ischemic heart disease.

[1 × 20 = 20]

7. Define Anaemia and mention classification of it and write in detail about Megaloblastic Anaemia.

[1 × 20 = 20]
